

About Us

OUR HISTORY

Founded in April 2006 by Dave Nguyen, Irina Nguyen, David Montanari, Sumesh Kaushal and Malou Gemeniano, AASuccess' mission is to provide young Asian American and other minority students with leadership development and social networking opportunities to become active leaders in their communities. We partner career professionals with high school and college students to help them make a difference and become positive catalysts for change – in the home, school, workplace, and community.

Initially, AASuccess' programs focused only on community "Giving Back" projects and the annual Scholarship Program. In 2009, the scope of our core programs grew to include life skills development, as well as internship and externship opportunities. This growth ultimately led to AASuccess' expanding our commitment to help provide lifelong leadership development opportunities that empower our student members to achieve their highest potential.
